  - [Gov. Evers addresses investing in public health infrastructure](#)
  - [Dr. Westergaard on the importance of public health](#)
- [Medicaid Purchase Plan Work Requirement Suspended](#)

#### Additional Information

- **Cloth Face Covers**
  - For directions on how to wear, washing instructions and how to make cloth face coverings please refer to the CDC website: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>
- **Low-Risk Contact:** What should you do if you think you came in contact with someone that tested positive for COVID-19?
  - Calumet County Public Health investigates all confirmed COVID-19 cases and conducts contact tracing to find all contacts of a confirmed case. CDC has defined levels of risk as being high risk, medium risk and low risk. High and medium risk contacts of the case will be notified by Public Health to provide them with the appropriate follow-up instructions. Public Health will contact you if you are considered a high and medium close contact of the case.
  - Brief encounters with positive cases are considered low risk. Low risk individuals should continue to do what the general public is advised to do under the "Safer at Home" order. If you have been in contact with a contact of a positive case, you are not considered at risk any more than the general public.
  - At this time, all people should only go out for essential travel, such as work, grocery stores, or medical appointments. If you are out for essential travel, please remember to practice physical distancing by staying at least six feet away from others.
  - If you have questions, please contact Calumet County Public Health at 920-849-1432. Please remember: to protect patient privacy, as required by law, personal information about a positive case patient, including name, address (even municipality), place of employment, etc. will not be shared.

- List of Previous Executive and emergency orders from [WI Department of Health Services](#)

## Reminders

- **Call your healthcare provider before going into a clinic if you are experiencing mild to moderate symptoms of COVID-19.**
  - This will allow them to provide guidance, prepare ahead if you need to be seen, and minimize risk to others.
- **If you have any immediate questions, please call the United Way's Resource Line to speak with a trained specialist. It is available 24/7 for non-emergency questions about COVID-19 and referrals to local health and human services.**
  - Dial 211 on your phone
  - Text "COVID19" to 211-211 to receive links to CDC information.
  - Visit <http://211.org/>
  - Or contact Calumet County Public Health during business hours (Monday-Friday; 8:00 AM - 4:30 PM) at 920-849-1432.
- **MyConnectionNEW.org**
  - Your one-stop shop for mental health and substance abuse information, resources, and service navigation in Brown, Calumet, Outagamie and Winnebago Counties.
  - Find Agencies, programs, or facilities near you by visiting this website, which is available in 100+ different languages: <https://foxcities.wi.networkofcare.org/mh/>
  - Local providers are offering phone and video counseling to support individuals during this time of crisis, and those who are in need of professional help. (Not sure? Take the Check Up from the Neck Up Screening provided online)
- Child Care for Essential Workers: The Department of Children and Families (DCF) is helping connect essential workforce families to local, safe child care. Healthcare workers and essential employees are able to submit a request for care or view up-to-date availability using a new child care map. DCF is working with health care providers, child care centers, community organizations and schools to open emergency child care centers for essential workforce families and has provided guidance and resources for organizations interested in opening child care centers.
- Local Child Care Network for All Essential Workers

## Tips for COVID-19
