

## Health and Human Services

### Calumet County Public Health Covid-19 Status Update

April 15, 2020

#### COVID-19 Cases in Wisconsin

Please visit the Wisconsin Department of Health Services [COVID-19 data page](#) for official state and county case information.

#### What's New

- Emergency Order 25: [Additional Safety Measures Related to the Department of Workforce Development and Migrant Labor Camps](#)
- Emergency Order 26: [Department of Children and Families Administrative Rule Suspension](#)
- [Assembly meets, in person and virtually, and passes legislation to help the unemployed, capture federal medical dollars](#)
- [Gov. Evers' Statement on Passage of COVID-19 Response Legislation](#)
- [Safer at Home is Working \(Graphic\)](#)
- [DHS COVID-19 Community & Faith-Based](#) page updated with information about co-parenting from Department of Children and Families
- [DHS COVID-19 Health Care Providers](#) page updated, adding utility workers to testing criteria section
- [Supporting Child Well-Being Through Preventing Underage Drinking](#)
- **What is the guidance around home showings of a house that is currently being lived in by renters?**
  - From Executive Order #12 (Safer at Home):
  - **Prohibited activities.** All public and private gatherings of any number of people that are not part of a single household or living unit are prohibited, except for the limited purposes expressly permitted in this Order. Nothing in this Order prohibits the gathering of members of a single household or living unit. **Landlords or rental property managers shall avoid entering leased residential premises unless emergency maintenance is required.**
  - From DATCP: Routine maintenance that is not considered an emergency should be postponed while the Safer at Home order is in place. Landlords and rental managers should not be showing inhabited rental property for the duration of the Safer at Home Order. If landlords or rental managers are insistent on showing properties, tenants should contact local law enforcement.
- **Can gyms remain open under the Safer at Home order?**
  - Under Section 4.b. of the order, gyms and fitness centers are explicitly prohibited from operating. However, if clients are meeting with the owner/provider for appointments based on referral from a medical provider, these appointments can continue. This should mean that it is just the owner/provider working 1:1 with the client with no one else in the facility (and using social distancing to the extent possible). Such appointments are considered essential under Section 8. Healthcare and Public Health Operations.
  - All businesses are permitted to continue "Minimum Basic Operations." Under Section 14 of the [order](#), provided that employees comply with Social Distancing Requirements, businesses may carry out the following operations:

- The minimum necessary activities to maintain the value of the business's inventory, preserve the condition of the business's physical plant and equipment, ensure security, process payroll and employee benefits, or for related functions, including where these functions are outsourced to other entities, and
- The minimum necessary activities to facilitate employees of the business being able to continue to work remotely from their residences.

## Additional Information

- **Cloth Face Covers**

- Wisconsin Face Mask Warriors Group
  - Using local community efforts, this group of individuals are providing hand-made, non-medical grade facial coverings for the most vulnerable and least supported essential workers to protect them and our communities from the spread of COVID-19.
  - Starting Wednesday, 4/15/2020 at 5:00 p.m., this group will have bins available to drop off donated masks and materials outside of the Calumet County Courthouse, West Entrance, 206 Court Street, Chilton.
  - Please see their Facebook page for details, patterns, and instructions if you would like to participate in making masks.
  - If making a donation, please text (715) 851-0882 notifying them that there are masks to be picked up at the Chilton location.
  - Any essential workers, businesses, or high-risk individuals can fill out the group's form to request masks.
  - Masks that are in the bin are donations for the group to distribute and should not be taken by individuals.
- For directions on how to wear, washing instructions and how to make cloth face coverings please refer to the CDC website: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>

- **Low-Risk Contact:** What should you do if you think you came in contact with someone that tested positive for COVID-19?

- Calumet County Public Health investigates all confirmed COVID-19 cases and conducts contact tracing to find all contacts of a confirmed case. CDC has defined levels of risk as being high risk, medium risk and low risk. High and medium risk contacts of the case will be notified by Public Health to provide them with the appropriate follow-up instructions. Public Health will contact you if you are considered a high and medium close contact of the case.
- Brief encounters with positive cases are considered low risk. Low risk individuals should continue to do what the general public is advised to do under the "Safer at Home" order. If you have been in contact with a contact of a positive case, you are not considered at risk any more than the general public.
- At this time, all people should only go out for essential travel, such as work, grocery stores, or medical appointments. If you are out for essential travel, please remember to practice physical distancing by staying at least six feet away from others.
- If you have questions, please contact Calumet County Public Health at 920-849-1432. Please remember: to protect patient privacy, as required by law, personal information about a positive case patient, including name, address (even municipality), place of employment, etc. will not be shared.

## Reminders

- **Call your healthcare provider before going into a clinic if you are experiencing mild to moderate symptoms of COVID-19.**
  - This will allow them to provide guidance, prepare ahead if you need to be seen, and minimize risk to others.
- **If you have any immediate questions, please call the United Way's Resource Line to speak with a trained specialist. It is available 24/7 for non-emergency questions about COVID-19 and referrals to local health and human services.**
  - Dial 211 on your phone
  - Text "COVID19" to 211-211 to receive links to CDC information.

- Visit <http://211.org/>
- Or contact Calumet County Public Health during business hours (Monday-Friday; 8:00 AM - 4:30 PM) at 920-849-1432.
- **MyConnectionNEW.org**
  - Your one-stop shop for mental health and substance abuse information, resources, and service navigation in Brown, Calumet, Outagamie and Winnebago Counties.
  - Find Agencies, programs, or facilities near you by visiting this website, which is available in 100+ different languages: <https://foxcities.wi.networkofcare.org/mh/>
  - Local providers are offering phone and video counseling to support individuals during this time of crisis, and those who are in need of professional help. (Not sure? Take the Check Up from the Neck Up Screening provided online)
- Child Care for Essential Workers: The Department of Children and Families (DCF) is helping connect [essential workforce](#) families to local, safe child care. Healthcare workers and essential employees are able to submit a [request for care](#) or view up-to-date availability using a new [child care map](#). DCF is working with health care providers, child care centers, community organizations and schools to open emergency child care centers for essential workforce families and has provided [guidance and resources](#) for organizations interested in opening child care centers.
- Local [Child Care Network](#) for All Essential Workers

### Tips for COVID-19

- Visit the [Calumet County COVID-19 webpage](#) and scroll down to the 'Resources and FAQs' tab for a variety of helpful resources regarding COVID-19.
