Calumet County Public Health Covid-19 Status Update

June 3, 2020

CALUMET COUNTY COVID-19 CASES AND DATA DASHBOARD

NOTE: Dashboard does not include data from the portions of City of Menasha or City of Appleton that are within Calumet County. Those cities have their own Public Health jurisdictions separate from Calumet County Public Health.

GUIDANCE FOR REOPENING CALUMET COUNTY

Calumet County Public Health has created a guide to help individuals, families, businesses, non-profits, and other entities while they navigate the reopening of the county during COVID-19. This guide includes recommendations on mass gatherings.

- [Reopening Calumet County - Public Health Recommendations Guide](#)

WHAT'S NEW

- [Data on and definition of COVID-19 probable cases added to the DHS COVID-19 Outbreaks \(Cases\) page.](#) A person is counted as a COVID-19 probable case if they are not positive by a confirmatory laboratory test (for example, a test that detects the virus in the nose or throat), but have a combination of other factors. These other factors are symptoms of COVID-19, exposure to COVID-19 (for example, being a contact of someone who has laboratory confirmed COVID-19), or a positive non-confirmatory laboratory test (for example, a blood test that detects antibodies against the virus causing COVID-19).
- [DATCP Releases Guidance for You-Pick and Farm Stands](#)
- [DHS COVID-19 Outbreaks](#) page now includes percent of COVID-19 cases by recovery status by county

FREQUENTLY ASKED QUESTIONS

Q: What is the current guidance for childcare settings from the Department of Children and Families (DCF)? Where can I find it?

A: All current DCF guidance can be found here: <https://dcf.wisconsin.gov/covid-19/childcare/providers> - scroll to "What guidance are you giving providers continuing to operate?" The [Badger Bounce Back: Best Practices for Child Care Providers](#) document has been updated to reflect the end of the Safer at Home order and includes the most recent recommendations for child care operations.

Q: Some DCF guidance references phases of the Badger Bounce Back plan. What phase are we in?

A: At a state level, we have not yet met the gating criteria for entering the first phase of the Badger Bounce Back plan. We are in Phase 0 referenced in DCF guidance.

Q: Are there recommended class size or capacity restrictions for child care settings? Are these requirements or only recommendations?

A: In Phase 0, DCF recommends programs use size limitations of up to 10 staff and 50 children. DCF also recommends that for larger providers, classroom groups should be no larger than 10 (using appropriate staff-to-child ratios based on age). Because of the Supreme Court decision, DCF can only issue recommendations but cannot compel organizations to have capacity limits in place.

ADDITIONAL INFORMATION

- **Cloth Face Covers**
 - [Wisconsin Face Mask Warriors Group](#)
 - Using local community efforts, this group of individuals are providing hand-made, non-medical grade facial coverings for the most vulnerable and least supported essential workers to protect them and our communities from the spread of COVID-19.
 - Bins are available to drop off donated masks and materials outside of the Calumet County Courthouse, West Entrance, 206 Court Street, Chilton.
 - Please see their [Facebook page](#) for details, patterns, and instructions if you would like to participate in making masks.
 - If making a donation, please text (715) 851-0882 notifying them that there are masks to be picked up at the Chilton location.
 - Any essential workers, businesses, or high-risk individuals can fill out the group's [form to request masks](#).
 - Masks that are in the bin are donations for the group to distribute and should not be taken by individuals.
 - For directions on how to wear, washing instructions and how to make cloth face coverings please refer to the CDC website: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>

REMINDERS

- **Call your healthcare provider before going into a clinic if you are experiencing mild to moderate symptoms of COVID-19.**
 - This will allow them to provide guidance, prepare ahead if you need to be seen, and minimize risk to others.
- **If you have any immediate questions, please call the United Way's Resource Line to speak with a trained specialist. It is available 24/7 for non-emergency questions about COVID-19 and referrals to local health and human services.**
 - Dial 211 on your phone
 - Text "COVID19" to 211-211 to receive links to CDC information.
 - Visit <http://211.org/>
 - Or contact Calumet County Public Health Monday-Friday; 8:00 AM - 4:30 PM at 920-849-1432.
- Visit the [Calumet County COVID-19 webpage](#) and scroll down to the 'Resources and FAQs' tab for a variety of helpful resources regarding COVID-19.
